NO ID = NO BOOZE

Don't give the server or bartender a hard time when they ID you. You must present a valid ID to consume alcohol. "How old do you think I am?" is a silly question.

Sideshow geeks get paid to guess. We, on the other hand, are required by law to verify your age. WE do not make the laws, but we are required to enforce them. Our liquor license and the livelihood of our staff depend on it.
